## 19th JK AYA State Architect of the Year Award for Best Architecture Educational Building

Architecture and design are rapidly emerging as multidisciplinary fields in the present era. Given India's position as a global economy, there is a pressing need for robust infrastructure, creating vast opportunities for careers in architecture.

## ABOUT IPSA Largest Stand Alone Architecture Campus in India

Indubhai Parekh School of Architecture (IPSA) is one of the best institute in Gujarat, known nationally. IPSA aims to uphold and enhance design knowledge for better quality of life. It educates individuals for key roles in architecture, fostering students growth with supportive environment and comprehensive facilities.

## What Sets IPSA's Education Apart from others

---

- State of the art campus and infrastructure (Library, workshops, Studios, Material Museum, Construction Yard, Technology Lab).
- International students exchange program with reputed European Universities.
- Highly qualified and experienced faculties.
- Thrust on advance technology and practical learning.
- 50+ Lectures by national and international experts in last 3 years.
- 1000+ IPSA graduates working across the world.
